Working Date

** Note ** In case of the date and time are changed, Head of the research project must inform to the Head of Department by e-mail, immediately.

Reasons and Necessity

Public health precautions in the laboratory

1. The temperature before operation must not exceed 37.5 °C
2. Wear masks and wash hands regularly with soap or alcohol during working hours.
3. Keep a social distance of at least 1.5-2 meters to prevent contact or spread the disease through saliva droplets.
